Join the City's Public Safety Committee and Help Improve Safety in Stanton

Want to improve the safety of your block, school or business district? Interested in maintaining local emergency response times? Want to help ensure Stanton is prepared in the event of a major disaster?

The City Council invites you to get involved with improving safety in Stanton by serving on the City's newly-formed Public Safety Committee.

The Public Safety Committee will serve as a liaison between the public and the City Council on matters related to public safety services. Members will foster and maintain effective interaction with law enforcement, fire services, emergency medical services and emergency preparedness. The Committee will advise the City Council on these and other safety issues.

The Committee will be comprised of six community members appointed by the City Council. Applications are available at the City Clerk's office at City Hall, 7800 Katella Avenue.

Applications must be submitted to the City Clerk's office by June 17, 2015 at 12 p.m.

For additional information, call the City Clerk at 890-4245.

City Manager's Message

The Impacts of Community-Driven Decision Making

The Stanton community – addressing your needs and priorities – is at the heart of every decision we make at the City and drives our planning for Stanton's future. And in turn, our community's commitment to Stanton has never been more evident.

The City is just wrapping up its two-year budget process, and this budget is the direct result of your commitment to making our City stronger and safer. Last November when Stanton voters approved Measure GG, a one-cent local sales tax, you provided a guaranteed funding source to maintain local city services. Flash forward to today. This voter-approved funding has allowed the City to put together a budget that not only maintains local services and avoids millions in essential service cuts, but improves critical services including public safety. Hundreds of residents gave us feedback on the services most important to you – and improving Stanton's public safety and economic development topped the list. This community input has been the driving force behind the development of this year's budget.

I am proud that this budget is able to maintain essential services like fire protection, neighborhood police patrols, 9-1-1 response times, gang/youth violence prevention programs, and senior programs. But just as important, it also increases the City's number of sheriff's deputies, upgrades emergency communications equipment, restores school crossing guards, and improves economic development programs to fix blight and fill vacant storefronts with new businesses.

The city will continue to ensure that your priorities drive our decision making, and we are constantly working to increase community involvement in everything we do.

This newsletter issue features more articles on the City's budget and services, and I encourage you to learn more or contact me at (714) 890-4277 with any questions.

Respectfully,

James A. Box
City Manager

City News

Spotlight on Stanton's City Budget

On June 23, 2015 the Stanton City Council will adopt a new two-year budget. With the help of voter-approved Measure GG funding, we are excited to announce that the City will adopt its first balanced budget in seven years. In this budget the City will be able to maintain essential city services, avoid millions in service cuts, and we no longer face a \$1.8 million structural budget deficit.

72% of Stanton's General Fund budget goes towards public safety, and these voter-approved funds allowed us not only to maintain but also improve public safety services.

Services such as fire protection, sheriff's deputies, 9-1-1 response times, and gang and youth violence prevention programs have all been maintained and protected from drastic cuts.

Additionally community feedback has overwhelmingly cited improving public safety services as a top priority. We have highlighted some of the budget's critical improvements to safety services to the right.

This increased support for essential city services is made possible through Measure GG, which Stanton voters enacted to create a guaranteed funding source for local services.

New Essential Services in Stanton's City Budget:

- 2 New Sheriff's Deputies
 - ✓Motorcycle Police Officer to increase traffic safety and street patrols.
 - ✓Community Enhancement Police Officer to improve community policing, address prostitution and illegal massage parlors, and improve gang youth violence prevention program, including programs in schools.
- New Code Enforcement Officer
 - ✓Code Enforcement Officer to improve cleanup of gang tagging and graffiti; address transient issues; and respond to quality-of-life complaints, giving police officers more time to focus on neighborhood patrols and responding to emergencies.
- Other Safety Services
 - ✓School Crossing Guards to continue to ensure student safety going to and from local schools.
 - ✓New police radios for rapid emergency response.
 - ✓Economic Development Programs.
 - ✓New programs to attract new businesses and create jobs in Stanton.
 - ✓New resources to fix blighted areas and fill vacant storefronts.

The entire City budget is published online for public review at www.ci.stanton.ca.us and undergoes annual independent financial audits to ensure transparency and accountability. We encourage you to take a look and see how every dollar is spent.

Stanton Neighborhood Watch

The Stanton Neighborhood Watch Program is a crime prevention program, which enlists the active participation of residents in cooperation with law enforcement, to reduce crime in our communities.

The program involves neighbors getting to know each other, taking the time to care and working together in a program of mutual assistance. Residents are also trained to recognize and report suspicious activities in our neighborhoods.

This program is vital to the community; because there can't be a law enforcement officer on every corner, so citizen involvement is essential to combat crime. You and your neighbors are the ones who really know what is going on in your community and by cooperating with each other and the Stanton Police Services, people can help fight crime in their community in the most effective way – before it begins!

If you would like to start the Stanton Neighborhood Watch Program in your neighborhood or would like additional information, call 379-0129.

City News

Park Ranger Program

The Park Ranger program consists of two part-time staff assigned to patrol and monitor Stanton parks, fields, facilities and neighborhoods. They also enforce rules, codes and ordinances, resolve disputes among park patrons, educate the public on park use and contact Stanton Police Services to report any criminal and/or vandalism activity.

The Program also provides an early warning system for Code Enforcement and Orange County Sheriff's Department (OCS), as well as giving residents a sense of comfort. The Rangers patrol City parks, streets and facilities and generally work during the week until 10 p.m. and various times on the weekends.

In addition to parks and facilities, the Rangers' responsibilities include patrolling neighborhoods, mobile home parks, noting suspicious activity and reporting to the Stanton Police services. The Park Rangers have reported a total of 1,972 incidents and interactions during the past year and a half.

The multitude of incidents that the two Park Rangers have effectively addressed is evidence of the continuing need to patrol and protect the parks and streets of Stanton to ensure the safety and security of residents and park users.

The use of Park Rangers also allows OCS deputies to handle priority calls for service and more effectively deploy resources.

Measure GG Update

Impacts to Your Local Services

Last November Stanton voters approved Measure GG, a one-cent sales tax that provides local funding for our community's local city services. After years of Sacramento takeaways of our funds – totaling over \$18 million – the City now has a guaranteed local funding source to maintain essential services and keep our community on the right track. All voter-approved funds are legally required to stay in Stanton for local services and cannot be taken by the state.

While Measure GG only went into effect on April 1, 2015, it has already directly impacted your local services and the new two-year budget the Stanton City Council will adopt on June 23, 2015.

Maintaining Critical Local Services and Preventing Millions in Cuts

Voter-approved funding helped balance the City's budget and has prevented over \$2 million in cuts to essential services the City was facing. Measure GG has allowed us to maintain:

- Existing levels of fire protection services and firefighters
- Neighborhood police patrols and sheriff's deputies
- 9-1-1 response times
- Gang and youth violence prevention programs
- Senior programs
- Economic development programs that attract new businesses to Stanton

Improving Public Safety and Other Essential Services

Last year we heard from hundreds of residents on the need to increase public safety services and attract more businesses to Stanton. With voter-approved funding, we are excited to announce that the City is now able to improve services that address these resident priorities. Stanton's new two-year budget increases our number of sheriff's deputies; improves street safety patrols; bolsters gang and youth violence prevention programs; addresses prostitution and transient/homeless issues; and improves economic development programs to fix blight and fill vacant storefronts with new businesses.

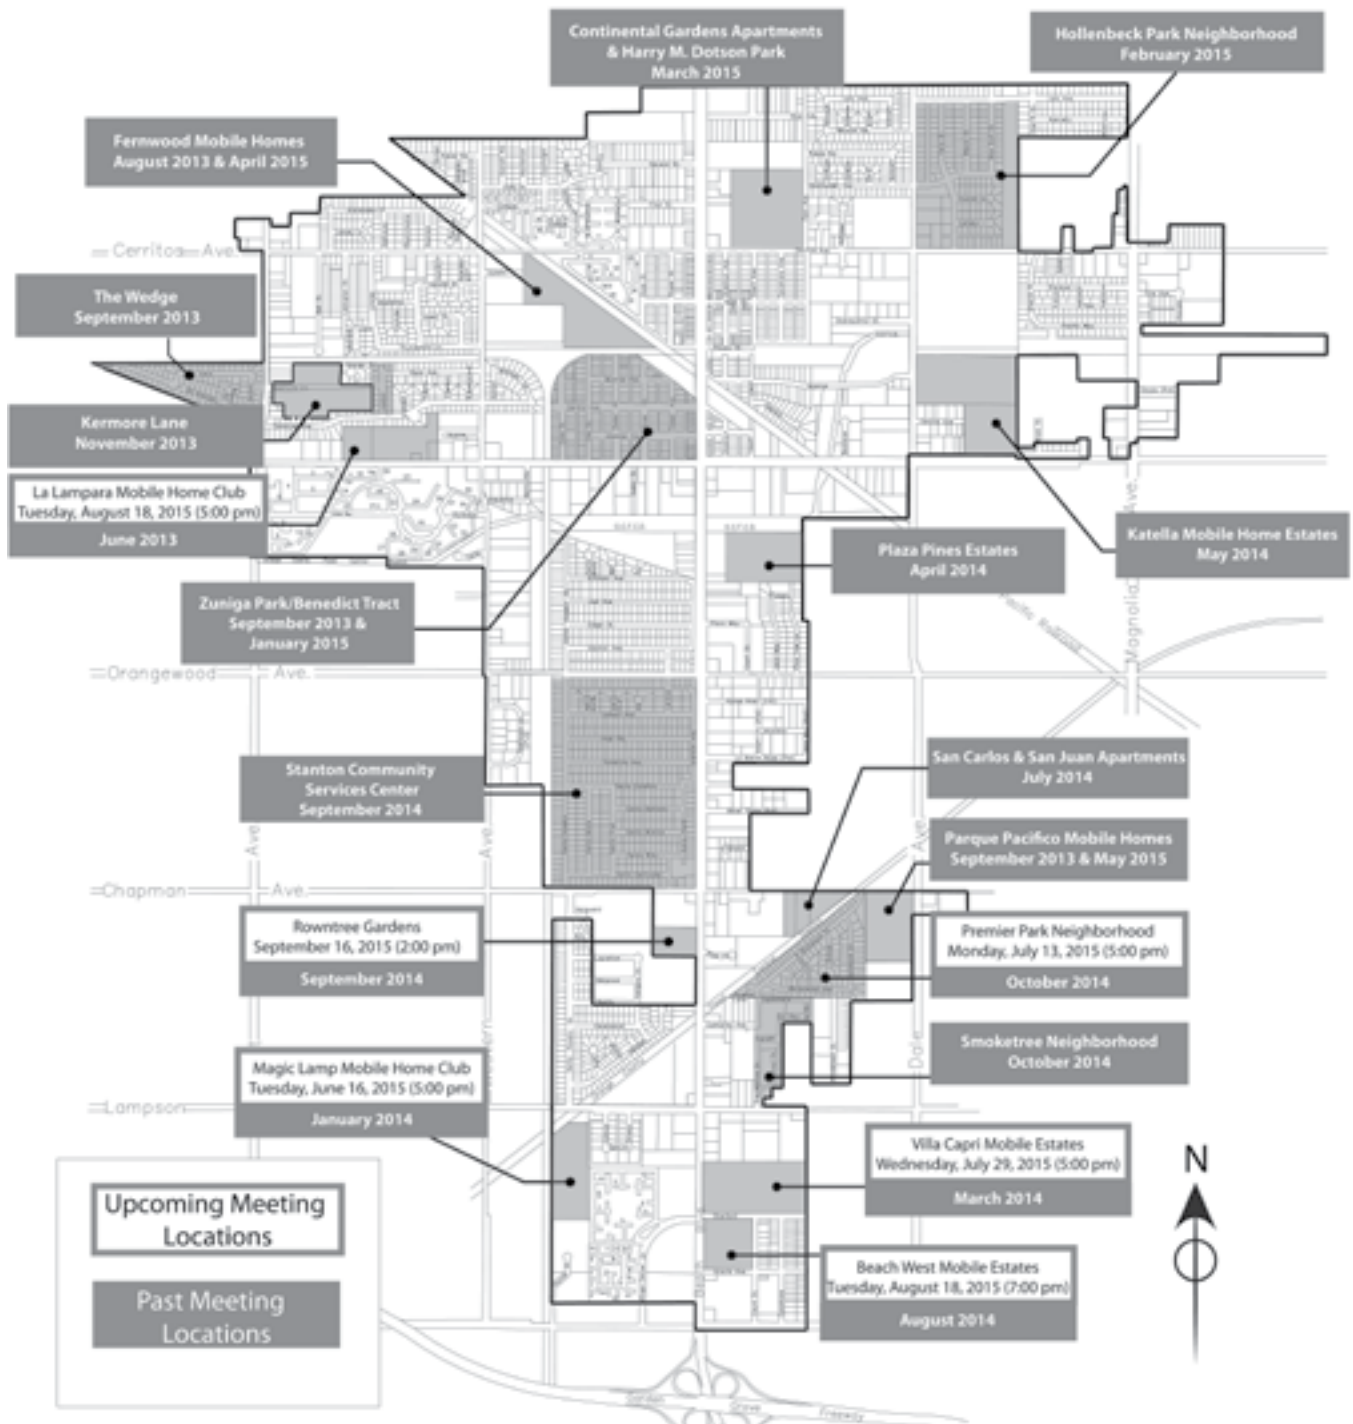

How to Learn More

We encourage you to visit the City's website at www.ci.stanton.ca.us to learn more about voter-approved funding and how it impacts the City's overall budget. The entire City budget is published online so residents can see how every dollar is spent.

City News

Due to the success of the program, the Stanton City Council will continue hosting Talk with the Block neighborhood meetings with residents throughout the City in 2015. At these meetings, residents have the opportunity to interact with the Mayor, City Council, and staff, and express their feedback regarding concerns in their individual neighborhoods. Neighborhood meetings are scheduled for the upcoming months listed below. The City of Stanton looks forward to engaging with residents in the future, and we encourage all members of the community to attend a local meeting!

City News

Electrical Issues

To report an electrical hazard, power outage, or to turn on service, please call Southern California Edison at (800) 655-4555. If the hazard involves downed wires, please stay far away and call 911.

Streetlight Outages

Nearly all the streetlights in our City are owned and maintained by Southern California Edison (SCE). To report a light being out or flickering, please call (800) 611-1911 with the light location. You may also report streetlights in disrepair at the SCE outage center at www.sce.com. If the light is located on one of the shorter blue poles, which are owned and maintained by the City, please call Stanton Public Works at 890-4205.

Bulk Item Pick-up

CR&R offers free pick-ups of items such as mattresses and couches for Stanton residents. To schedule a bulk pick-up, please contact CR&R at (800) 826-9677 and place the item(s) per the CR&R representative.

It is illegal to place bulky items on the sidewalk, street, or other public property.

Public Works

Graffiti Hotline

Public Works crews are responsible for the elimination of graffiti from parks, sidewalks, and public buildings within the City. Abatement techniques include cleaning and painting over graffiti. The Public Works Department will only abate graffiti on public property and on areas in the line of sight from major arterial streets. All other graffiti issues will be handled through the City's Code Enforcement Department. To report graffiti please call the graffiti hotline at 890-4252 and select Option Number 2.

Commercial Recycling

The State of California passes AB 341 that enacts a statewide mandate for business recycling. The primary purpose of AB 341 is to reduce greenhouse gas emissions by diverting business waste through greater recycling efforts. AB 341 requires all businesses in California that generate 4 or more cubic yards of waste per week and multi-family units with 5 units or more recycle.

Water Conservation

California is currently experiencing one of the worst droughts in years. Governor Brown has declared a drought emergency and has mandated a reduction in Stanton of 25% of water usage. In our businesses and homes, using water more efficiently will lessen the effects of the limited water supply. For information about water conservation, visit the Metropolitan Water District of Southern California website Bewaterwise.com.

City Monument Signage and Beach Boulevard Landscape Improvements Project

For the past year, the Public Works Department has been working towards improving Stanton along Beach Boulevard. Plans for a new monument sign and landscape improvements on Beach Boulevard medians have been completed. The proposed improvements will create a more pleasant atmosphere for residents and visitors that will better represent the community. Construction and improvements are expected to begin in the summer with no impact to the general fund.

Fats, Oils and Grease (FOG)

Control washing fats, oils and grease (such as cooking oil, butter and sauces), into the kitchen sink may appear harmless. Once in the sewer pipe, however, the FOG will solidify and stick to the pipe walls. Over time the build-up of FOG (with help from food and debris washing through the pipe) can create a sewer blockage. The blocked pipe causes untreated sewage to back up, with nowhere to go but up into homes, restaurants, streets, or storm drains. These overflows can result in expensive property damages, clean up costs, and environmental pollution. Fats, oils and Grease (FOG) are found in common food and ingredients such as:

- Cooking oil
- Meat fats
- Dairy products
- Baking goods
- Butter, margarine, and lard

Here are several tips to keep your drain FOG-free:

- Dispose of grease on dishes into a trash can before washing.
- Use paper towels to wipe greasy dishes before dishwashing.
- Use sink strainers to catch food waste during dish washing.
- Pour a small amount of leftover cooking oil in a closed container and put it with regular trash.
- For a large amount (i.e. after major holidays cooking), contact local restaurants to see if they will allow you to drop it off at their facilities.

F.O.G. Container Program

The City of Stanton is working with CR&R and the Orange County Sanitation District to operate a Fats, Oils, and Grease (F.O.G.) recycling program in Stanton. The program provides residents free containers to store used cooking oil and grease that will later be picked up by CR&R when full to be recycled. For more information, please contact CR&R at 826-9049.

Stanton Central Park

On November 2010, the City of Stanton purchased the former Mary Perez School Site. The site will be used to build a new community park, Stanton Central Park. Some of the features the park will include are a skate park, group picnic areas, sports fields, exercise trail, and half basketball courts. Stanton Central Park is expected to be open for the public to enjoy by June 2016. The project's design, construction and construction management are funded from a bond, state grant, and park-in-lieu fees which will have no impact on the general fund.

"Stanton Central Park ground breaking will be held on July 7, 2015 at 4 p.m."

Free Tree Planting Program

The City recently adopted a Tree Planting Program to promote the planting of trees within our City. Upon request by a property or business owner, the City will plant a tree next to the property within the parkway (the area between the curb and the sidewalk). The City will trim the tree and only asks the person requesting the tree to water it. The first round of planting was successfully completed in April with the planting of 18 trees throughout the City. Please visit our website or contact Public Works at 890-4205 to receive more information.

Community Garden

Do you have a green thumb? Get ready because a community garden is coming to Stanton! The City in partnership with the Community Action Partnership of Orange County is proud to announce the location of our new Community Garden at 7455 Katella Ave., near Western Avenue. In the coming months, residents will be able to plant and maintain fruits and vegetables at the 20,830 square foot lot, which will have room for parking as well.

The Community Action Partnership of Orange County (CAPOC) is moving forward with notifying the neighborhood of the new garden location and has scheduled several community meetings with surrounding neighborhoods to create a list of those interested in participating in the garden. The Community Garden is open to all residents. For additional information, please call 890-4271.

Community Development

Building Permits

Whether replacing a window or roof, remodeling your kitchen or bathroom, adding a new room or second story, virtually every homeowner at some point in time wants to make changes to their home. A building permit is required for most – but not all – construction projects.

In addition to promoting quality construction and safety standards, the building permit process also promotes projects that are attractive, fit well within a neighborhood, and maintain and support good property values. We hope the following overview of the building permit process will assist you in making your construction project a reality.

The process to obtain a building permit follows several basic steps:

1. Draw a site plan, or a floor plan (if doing interior work), and discuss your project with the Planning Division. Building and Safety will not issue a permit without proper approvals from a City Planner. Planning Division counter hours are from 1-5 p.m., Monday through Thursday.
2. Confirm that you need a Building Permit. You can call the City's Building and Safety Division at 890-4286 to determine if your project needs a permit.
3. Bring your Planning approved documents and construction drawings to the Building Division counter at City Hall and submit them to the Building Permit Technician or Building Official. For a small-to medium-sized project, start out simple (i.e., hand-drawn plan); we'll let you know if something more needs to be done to make your plans suitable for processing. Building and Safety counter hours are from 7-8 a.m. and 1-5 p.m., Monday through Thursday.
4. After your plans are reviewed and determined to be complete and "code compliant", they will be approved, a building permit will be issued, and work may begin.

At specified stages during construction, you will need to call the City and request inspections. A building inspector will come out and verify that you (or your contractor) are following proper construction practices, ensuring your (and your neighbors') protection and safety. When you are finished with your project, the inspector will provide a final inspection that certifies completion of the job.

We do our best to make the process quick and simple. Working without a building permit when one is required is illegal and can pose serious complications for your fire and homeowner's insurance when you try to sell your home.

City News

Residential Smoke and Carbon Monoxide Detectors

Since July 1, 2011, the State of California has required that smoke and carbon monoxide detectors be properly installed in all single-family homes. As such, prior to final approval of all residential building permits, a City Building Inspector will verify that operating smoke and carbon monoxide detectors are installed per code.

This may require access to the interior of your home, and an adult present at the time of final inspection. This requirement applies to all building permits, including but not limited to: additions, remodels, enclosed patios, patio covers/decks, reroof permits and window change outs. In instances where entry to a residence is not required for permit inspection, a property owner self-certification will be accepted in lieu of a visual verification.

California State Law requires an operating smoke detector in the following locations:

- In each room used for sleeping purposes.
- California State Law requires operating smoke and carbon monoxide detectors in the following locations:
 - In hallways outside of bedrooms.
 - At the top of interior stairways.
 - On each level if the dwelling has more than one level (including basements).

You are required to install smoke detectors and carbon monoxide detectors if you submit an application for an alteration, repair or addition.

Please call the Building and Safety Division at 890-4286 if you have any questions regarding these new state requirements.

Garage Sale Permits

Just a friendly summer reminder, if you plan on cleaning out that garage this year with the intention of selling your unwanted items for extra cash, please be aware that permits are required for Garage Sales within the City of Stanton. The cost of the permit is \$10 and is to be obtained prior to the date of the garage sale. Proof of residency at the address listed on the application will be requested when you apply for the permit at City Hall, during our regular office hours of Monday-Thursday, from 7 a.m. – 6 p.m.

The following conditions apply: Sales activity must be conducted within garages, carports, front yards, backyards, patios, driveways and walkways on the resident's property. No goods, wares or merchandise can be displayed or placed in the public right-of-way. All such goods, wares, and merchandise must be the personal property of the resident or his/her co-conductors of the sale and are obsolete to the undersigned applicant's use. No new or successive items brought on to the property to replenish the stock of goods, wares, or merchandise offered for sale are allowed.

No advertising signs may be posted more than one (1) week prior to the initial sale date. NO SUCH SIGNS MAY BE POSTED WITHIN THE PUBLIC RIGHT-OF-WAY OR ON UTILITY POLES. ALL SIGNS MUST BE REMOVED IMMEDIATELY FOLLOWING THE END OF THE SALE.

The activity may only be held between the hours of 8 a.m. and 8 p.m., for a maximum of (3) consecutive days.

Garage sale permits shall not be issued for units in residential complexes such as apartment buildings containing more than four units, or for spaces or areas in mobile home parks. This means garage sales are not allowed in those areas and are ineligible to obtain a City issued permit. Please see Stanton Municipal Code Chapter 5.48. Garage Sales at www.ci.stanton.ca.us or call 890-4286 for additional information.

Harry M. Dotson Park

Interactive Water Play Area

Summer is here and using the Interactive Water Play Area at Harry M. Dotson Park is a great way to cool down. The City of Stanton Community Services Department is excited to announce that the Interactive Water Play area is now open for the summer!

The water feature will be open daily, from 12-5 p.m. Take your kids to one of the greatest kid friendly parks in the area. The 1.3 acre park features a 2-5 year old and 5-12 year old playground area, picnic area and shelter, an interactive water play area, 1/2 basketball court, walking/exercise path, shady trees, open grassy area with relaxing passive areas and restrooms.

Parks Make Life Better in Stanton!

Parks, open spaces, and recreation activities promote community growth by bringing people together, celebrating diversity, supporting families and building community pride. Recreational opportunities are at the center of a vibrant community because they provide endless benefits to all.

The pay off can be as simple as a walk on the trail at Harry M. Dotson Park. It can be the positive feeling of exhaustion that volunteers feel at the end of a special event. Or it might be the sense of connection people feel when gathered with others to enjoy exercising at our outdoor fitness zones. So, whether you are an avid participant or occasional observer of parks and recreation, explore and enjoy the benefits!

Share Your Memories

On June 4, 2016, the City of Stanton will be celebrating its 60th anniversary. In preparation for this milestone, we are asking residents to share their stories or photos of Stanton with us. We would like to add them to our growing collection of memories to commemorate Stanton's rich history. If you have any mementos you would like to share, please call 890-4271.

Outdoor Fitness Zones

Getting a great work-out is free and easy with our outdoor fitness equipment at Stanton Park. The equipment was installed with the goal of promoting a healthy and active lifestyle. The casual park setting invites those who might be intimidated by a gym setting, but the social nature of the equipment draws family members and friends to come together and motivate one another. Directions for each piece of equipment are clearly outlined and detailed diagrams assist each user on proper use. The installation of the fitness equipment was made possible by utilizing CDBG grant funds, with a matching component from park-in lieu funds.

There are seven pieces of equipment in total:

Single Butterfly, Vertical Press, Pendulum/Abs and Dips Station, Leg Press, Cross Country Ski, Lat Pull-Down, Leg Curl.

Honor a Veteran of the Month

City Council has implemented a program to honor a Veteran each month and recognize their service at a City Council meeting.

A biography and photo of the selected Veteran will be on display throughout the month at City Hall for residents to view. We are proud to highlight such important members of our community who have sacrificed so much for our country. For more information, please visit our website at www.ci.stanton.ca.us or contact Jason Ward at 890-4282.

The Nomination Process

The community is encouraged to submit a nomination to honor a Veteran that has lived in Stanton. The guidelines below can assist you while applying, please include:

- A brief history of the nominee's service. Include any locations, dates and other relevant information.
- Any campaigns, battles or other actions he or she participated in.
- Any medals, awards and recognition the nominee received as well as any civilian service.
- Contact information for the nominee and/or family member.

You can begin the nomination process by sending the above information to:

Stanton, CA 90680

Stanton Neighborhood Enhancement Tax Force

In September of 2012, the City Manager created the Neighborhood Enhancement Task Force. The goal of the Task Force is to address issues of community safety that is essential to neighborhood vitalization and boost the quality of life for every Stanton resident, business and visitor.

The Neighborhood Enhancement Task Force meets on the 4th Wednesdays of the month at 1:30 p.m. in City Council Chambers. The Task Force utilizes a committee approach in solving community related issues. As a result of the Task Force formation, the City continues to form relationships with various entities to combat community safety and quality of life issues.

Youth Committee

The inaugural Stanton Youth Committee, a brand new and exciting engagement program for local high school students, is finishing up its first term and looking for new candidates!

The Committee currently consists of eight members from surrounding high schools. Youth Committee meetings occur on the second Monday of each month at 4 p.m. and members are expected to attend and assist at City events and meetings.

To apply, pick up an application at City Hall or visit our website at www.ci.stanton.ca.us. Questions about the program may be directed to the Community Services Department at 890-4270.

Adopt-a-Park Transformations

Thanks to the generous donations from our Stanton corporate sponsor and individual donors, the Stanton Community Foundation has been able to maintain and improve facilities and playground equipment at Hollenbeck and Zuniga parks. Many of the play structures at Hollenbeck Park were in much need of repair, and we thank our patrons for ensuring and continuing the safety and happiness of the many Stanton children and families who play at both parks.

Community Impact

The Stanton Community Foundation's mission to meeting the needs in our community and improving the quality of life is only possible through the generous support from corporate and individual donors. All proceeds directly fund youth, family, and community programs such as the following:

Mayor's Prayer Breakfast

The 6th Annual Mayor's Prayer Breakfast took place on Wednesday, March 25, 2015 at the Knott's Berry Farm Hotel. Friends of the Foundation enjoyed breakfast, heard inspirational stories, interacted with fellow community members and enjoyed live entertainment from the Servite Men's Choir.

Our keynote speaker, Steve Beuerlein, former NFL quarterback and current CBS analyst riveted the audience with his stories of determination and courage. All proceeds generated from the Mayor's Prayer Breakfast directly support the Foundation's community, family, and youth programs.

Spring Car Show

The Stanton Community Foundation was proud to host the 2015 Spring Car Show on Saturday, May 16, 2015. This event brought auto enthusiasts and families together for a fun day filled with cars, food, music, and vendors. Sign up next year to be a car show participant and you may just walk away with a trophy and a huge smile!

Threads for Kids Program

Annually, the Foundation donates school outerwear to students who are in need. Over 500 students in eight elementary schools have benefited from this program. The program will begin again in the upcoming school year in September.

Supply Our Schools (SOS) Grant

With proceeds raised from the Foundation's 6th Annual Mayor's Prayer Breakfast, the Foundation was able to disburse nearly \$10,000 of grant funds to local elementary school teachers who serve students from the City of Stanton to purchase much-needed classroom school supplies for the academic year. The online grant program, Supply Our Schools (SOS) directly benefited nearly 1,500 students. Increased funding for the SOS has been made to serve additional classrooms and the online grant program for the 2015-2016 academic year will begin in March 2016. Successful SOS grantees will be announced in the spring.

Water Conservation

Golden State Water is happy to share a list of water-use efficiency tips to encourage everyone to save water!

Outdoor

- Water before 8 a.m. or after 6 p.m. and no more than three days per week.
- Turn off irrigation systems during rainy periods.
- Reduce watering times during cooler seasons to no more than two times per week and four minutes per cycle.
- Check sprinklers often for breaks and to ensure your lawn is watered and not the house, sidewalk, or street.
- Use hoses with shutoff nozzles to wash cars or take your car to a car wash that recycles its water.
- Add mulch around plants to reduce evaporation and keep the soil cool.
- Plant the right plants for your climate.

Indoor

- Fix running toilets to save gallons. Test: try putting 3 or 4 drops of food coloring in your toilet tank and wait 15 minutes. If the color drips into the bowl without flushing, there's a leak.
- Install high-efficiency shower heads and faucet aerators available for free from Golden State Water.
- Keep showers to five minutes.
- A bath can use up to 70 gallons of water. Take a short shower instead.
- Only run full loads of laundry and dishes.
- When washing dishes by hand, fill the sink instead of letting the water run.

Go to www.gswater.com to get additional tips and resources to conserve water.

Update on the Drought

As California enters a fourth straight year of drought, water remains a critical issue for the state. Winter storms in some regions have provided relief, however, surface and groundwater levels remain alarmingly low, and Californians must stay diligent with their efforts to reduce water usage at their homes and businesses. It may take years to replenish the state's water supplies to healthy levels.

Facts You May Not Know About The Drought:

- California's water supply is largely reliant on snow. Snowpack in the Sierra Nevada and southern Cascade mountains provides roughly a third of the water that is used throughout California in a normal water year.
- This natural reservoir storage provides approximately 15 million acre-feet of water in a typical year, equivalent to almost 4.9 trillion gallons of water or enough water to fill Pasadena's Rose Bowl stadium 58,000 times.
- Green lawns and beautiful plants make California picture perfect. Unfortunately, outdoor landscape watering accounts for a significant percentage of the state's residential water use. In some communities, that number can be as high as 80 percent!
- The drought has also taken a toll on the state's groundwater basins, which serve as the sole source of water for many communities. Basins in most areas of the state are at historically low levels. Collectively, groundwater basins represent California's largest reservoir, approximately 10 times the combined size of the state's surface reservoirs
- Groundwater accounts for roughly 40 percent of the state's water supply during an average year. In some regions of California, that ratio increases to 60 percent during dry or drought years, as groundwater pumping increases to compensate for surface water supply shortages.
- Maintaining sufficient groundwater basin levels is important to avoid dry wells, water quality issues, seawater intrusion, land subsidence and stream depletion.

Golden State Water customers should feel confident knowing the company has taken a leadership role on basin management issues in its service areas throughout the state. We work closely with neighboring water providers, community leaders and state officials to ensure local basins are managed properly to protect and sustain the valuable underground water supplies.

Golden State Water and its partners offer programs and rebates to help customers improve their outdoor water-use efficiency. Visit gswater.com for programs and additional information in your area.

Message from the Chief

This year marks the 27th anniversary of partnership between the City of Stanton and the Orange County Sheriff's Department. The Sheriff's Department is proud to serve the City of Stanton and staffs one Lieutenant, five Sergeants, two Investigators and twenty Deputy Sheriff's for the City along with five support staff members.

Last year, Deputies responded to 16,486 calls for service, generated almost 3,000 crime reports, and made over 1,100 arrests. Due to the diligence of our Police Services staff and the involvement of the community, violent crime decreased in the City last year. Our Deputy Sheriffs are dedicated to being responsive to the needs of the residents and responding promptly to all calls for service. Last year we averaged 4:02 minutes in responding to emergency calls for service. This time is based upon the time the call is received in our dispatch center, the necessary information is obtained, the call is dispatched to the Deputy in the field, and the deputies arrive on-scene. I am pleased to announce that this is the fastest response time from all of the Departments thirteen contract cities.

In the weeks to come, we are pleased to announce that we will be adding two additional Deputy Sheriffs to our staff. These positions are directly related to funding generated by the Citizens and the City of Stanton.

The two new positions will include one motor Deputy who will specifically work traffic enforcement and conduct traffic accident investigations. Through our "Talk with the Block" meetings, one of the reoccurring requests from residents was for additional traffic enforcement in and around our neighborhoods and schools. This full-time position will allow us to be responsive to these requests and enhance the safety of all who reside and work in Stanton.

The second position will work specifically on those issues unique to the City of Stanton to include but not limited to homelessness. This Deputy Sheriff will be cross-trained as our "Homeless Liaison Officer" and will work cooperatively with those government agencies and private organizations to provide assistance to the homeless community.

Some of these services include reunification with family, substance abuse treatment, mental health treatment and housing. However, this Deputy will also take law enforcement action when necessary. The Deputy will also work with the Orange County Human Trafficking Task Force, the Stanton Neighborhood Enhancement Task Force and the Stanton Collaborative.

As you can see, this is a time consuming and labor intensive position. With the additional funding, we are able to have one Deputy dedicated to these specific issues while not taking away from our primary duties of responding to calls for service. This position will be an invaluable asset to the City and the Community and we look forward to providing this service.

On behalf of all of the men and women of the Orange County Sheriff's Department, we are proud to serve the citizens of Stanton and look forward to our continued partnership in public safety.

Lieutenant Jim England

September is National Preparedness Month

The City encourages everyone to take important steps like getting an emergency supply kit, making a family emergency plan, being informed about the different emergencies that may affect them, as well as taking the necessary steps to get trained and become engaged in community preparedness and response efforts.

All families should have some basic supplies on hand in order to survive for at least three days if an emergency occurs. Following is a listing of some basic items that every emergency supply kit should include.

- Water, one gallon of water per person per day for at least three days, for drinking and sanitation.
- Food, at least a three-day supply of non-perishable food.
- Battery-powered or hand crank radio and a NOAA Weather Radio.
- Flashlight and extra batteries.
- First aid kit.
- Whistle to signal for help.
- Dust mask, to help filter contaminated air and plastic sheeting and duct tape to shelter-in-place.
- Moist towelettes, garbage bags and plastic ties for personal sanitation.
- Local maps.

Prevent Drowning: Never Swim Alone

Would you like a free drowning prevention presentation or activity in your community? Please call 573-6200 to sign up for our "Safety Campaign Program". Together we can make a difference!

Children drown without a sound, but remember, adults can too! These needless tragedies are the leading cause of accidental injury and death in children under the age of five and the second leading cause of death in children under the age of 14.

Drowning happens not only in pools and oceans, but also in areas such as bathtubs, mop buckets, toilets, and even in standing water as shallow as two inches. In Southern California, drowning prevention and water safety should be practiced on a year-round basis with special emphasis during the summer months. Please be diligent not to have unattended children around the water. Looking away for just a few seconds can mean a lifetime of regret. Below are the ABC's of water safety.

Adult Supervision, Assign a "Water Watcher"

- Designate an adult to supervise the children in and around the pool/spa area especially during social gatherings.
- Never leave children in or around a pool unattended – not even for one second.
- Take the children out of and away from the swimming pool/spa area for any distractions such as a telephone call or to use of restroom.
- Do not rely on flotation devices. They should not be used as a substitute for adult supervision.
- Post pool address and an emergency number.

Barriers

- Install and maintain proper fencing around the pool to isolate your swimming area from the home and play area.
- Use multiple layers of protection such as safety covers, gate alarms, door alarms and motion-detection devices. Inspect them monthly.
- Make sure all gates are self-closing, self-latching and open outward away from the pool.
- Take away all objects that allow a child to climb up to reach the gate latch or climb over the fence.

Classes – "CPR"

- Learn CPR, first aid, and rescue techniques.
- Learn swim skills through on-going qualified instruction.
- Keep rescue equipment such as a shepherd's hook, life saving ring, and CPR sign mounted by the pool to instruct others.
- Find out and understand the proper behavior in and around the water. Teach children the same behaviors.

Sign Language-ASL and SEE System

American Sign Language (ASL) - An introductory course in American Sign Language as developed and used by the Deaf community in most areas of North America. It consists of a preparatory phase to attune students to communication in the manual-visual mode, followed by instruction and practice in vocabulary, sentence structure and elementary conversation.

Sign Exact English (S.E.E.) - Signing Exact English is a sign language system that represents literal English. To make visible everything that is not heard, S.E.E. supplements what a hearing impaired person can get from hearing and speech reading. Since American Sign Language (ASL) has different vocabulary, idioms and syntax from English. SEE modifies and supplements the vocabulary of ASL so the hearing impaired person can see clearly what is said in English.

Women's Self Defense

The Women's Self-Defense Class taught at the IFS Gym Martial Center is designed to give women the ability to defend themselves if attacked. The training will focus on many topic areas including: how attackers think, how they select their victims, things that a woman can do to prevent from being a victim and how to remain calm and self-confident during an attack. Class participants will also learn many "Martial-Arts" techniques designed specifically for women to protect themselves from an attacker. This is not a seminar, so the ongoing repetitive training assures that the participant will have a thorough understanding of each technique.

Big Brothers, Big Sisters of Orange County

14131 Yorba Street, Tustin, CA 92780

Big Brothers Big Sisters, the nation's largest donor and volunteer supported mentoring network, has believed for over a century that inherent in every child is the ability to succeed and reach their full potential.

Our mission is to provide children facing adversity with strong and enduring, professionally supported 1 to 1 mentoring relationships that change their lives for the better, forever.

Programs offered through BBBS are proven to reduce a child's risk of dropping out of school, becoming violent, using drugs and alcohol, and falling victim to other negative cycles that threaten our society.

With 200 Littles currently on the Wait List, 140 of them being young boys, we need YOUR help to make a BIG impact!

In 2013, Big Brothers Big Sisters of Orange County & the Inland Empire:

- Served 2,247 Littles, the highest number in our agency's 56 year history
- 98% of our Littles graduated High School & 85% enrolled in College
- Our Bigs donated over 200,000 hours of volunteer service

In volunteering your time with a child, you not only impact the life of that child, but the lives of generations to come. It starts with you. Are you ready to join something BIG?

Volunteer Requirements: Be 18 years of age, Employed, Resident of Orange County, and commit to seeing your Little twice a month for a minimum of a year.

For more information on how to get connected with Big Brothers Big Sisters of Orange County, we invite you to contact Director of Community Based Programs Brateil Aghasi at 619-7024 or visit www.BigBroOC.org.

Youth Assistance Foundation presents Christmas in July!

The City of Stanton and the Youth Assistance Foundation are collecting toys and donations throughout July at City Hall and the Home Depot on Beach and Chapman. Items will be donated to children in December as part of the Santa's Siren Express program. Santa's Siren Express has spread Christmas cheer to approximately 1,300 disadvantaged children each year for the last 17 years.

Also, on July 24, 2015 from 5 to 7 p.m., Christmas in July will be celebrated at the Boys & Girls Club of Stanton, 11050 Cedar Street. Bring a toy or a donation and receive some refreshments and, best of all, a little joy.

A Program for Relatives Raising Children

Olive Crest's goal is to provide services that strengthen relative families and encourage their success. Many of the families are grandparents, aunts, uncles, siblings or extended family members who are raising a relative's child or children, and are in need of additional support. In-home services, training, and support groups are available to each family.

If you are a grandparent, aunt, uncle, sibling, extended family member, or family friend who is raising your relative's child, free support and resources are available to you. Kinship exists to not just help families survive, but thrive.

To learn more contact us at 543-5437 or e-mail kinship@olivescrest.org. Se Habla Español.

Veterans in Community Service, Inc. (VICs)

A group WWII and Korean veterans established Veterans in Community Service, Inc. (VICs) in 1977 to provide a variety of public services to low income residents. Over the years the organization grew substantially in neighborhoods where households relied on VICs to support their personal

needs. It included social programs for seniors, youth, families, veterans and others seeking assistance. Eventually VICs developed into one of southern California's prime organizations in the field of weatherizing homes and offering handyman services for qualified homeowners and apartment dwellers.

Weatherization of homes and apartments helps owners and renters because it reduces the consumption of gas and electricity costs by hundreds of dollars annually. VICs' expert weatherization crews install energy saving measures and devices that keeps a house warm in the winter and cool in the summer. VICs home weatherization measures include attic insulation, double pain windows, door weather stripping, low energy light bulbs, low flow shower heads, solid door thresholds, broken door replacement, installing energy saving refrigerators, and covering water heaters with resilient blankets. All of these home weatherization measures when properly installed can cut home energy consumption from 20% to 40 %.

Any person who is qualified can call Veterans in Community Service at (562)204-0529 to inquire about handyman or weatherization services. VICs will dispatch an outreach professional who will assess a home or apartment and determine if the services can be offered. VICs's website www.vicsinc.org.

Advertising Opportunity

A fantastic opportunity is now available to help local businesses reach the residents of Stanton!

Businesses can purchase an advertisement that will appear in a complete directory of Recreation and Community Services classes and activities that is distributed three times a year by the **City of Stanton** to every residence and business in the Spring, Summer and Fall/Winter.

The *Community News Parks & Recreation Activities Guide* provides residents and businesses with valuable information for planning activities and also communicates many of the services offered by the City to improve the quality of life in *Stanton*.

Distribution

16,500 copies are direct mailed to every residence and business in the City of *Stanton* and 1,000 are promotionally distributed at the Civic Center, schools and the Stanton Community Services Center to visitors and new members of the community.

Value

It is important to promote your business in a publication that supports community relations, reaches a targeted audience and enjoys strong readership among local residents. The *Community News Parks and Recreation Guide* is owned by the City of *Stanton*. Don't miss this opportunity to gain valuable and cost-efficient exposure for your business.
